

A Leading Pharmaceutical Manufacturing Company achieves data modernization with Reltio MDM deployment

Challenge

Data from multiple sources

Inconsistent data across departments

Lack of synchronized data

Inadequate data governance processes and poor data quality

Solution

LumenData helped them implement Reltio Master Data Management and provided them with the following solutions:

- ✓ Real-time implementation of data sources
- ✓ Data integration from 3 sources to create provider golden record
- ✓ Formalization of data quality rules and improved data stewardship
- ✓ Appropriate RIH recipes to support the company and Reltio

Outcome

Improved data quality

Better savings of time and resources

Reduced licensing cost

Better scaling to clients and future scalability to other domains
